

CONFIDEX PACKAGING MATERIALS

All packaging materials used by Confidex are listed below with their corresponding material codes in accordance with European Union Commission Decision 97/129/EC.

Please check the packaging materials used with your product and refer to the list to recycle them accordingly.

Packaging product	Material	Abbreviation	Material code
Anti-static ESD bag	Polyethylene terephthalate	PET	1
Plastic air bubble bag	Low density polyethylene	LDPE	4
Plastic bag	High density polyethylene	HDPE	2
Rubber band	Natural latex	NL	7
Packing belt	Polypropylene	PP	5
Cardboard	Corrugated fibreboard	PAP	20
Paper core	Non-corrugated fibreboard	PAP	21
Plastic core	Acrylonitrile butadiene styrene	ABS	7
Dessicant	Silicon dioxide	SiO ₂	7
Filler paper	Paper	PAP	22
Packing foam	Ethylene vinyl acetate copolymer	EVA	7
Sticker label	Paper and adhesive	C/PAP	22
Silicone liner	Paper and silicone oil	C/PAP	22
Carton packing box	Corrugated fibreboard	PAP	20
Plastic pallet	High density polyethylene	HDPE	2
Plywood pallet	Wood and iron	FOR	50
Plastic tape	Polyethylene terephthalate	PET	1
Plastic tape	Polyvinyl chloride	PVC	3
Anti-stick ESD tape	Polyethylene terephthalate and polypropylene	PET + PP	7
Paper tape	Paper and adhesive	C/PAP	22
Teflon tape	Polytetrafluoroethene	PTFE	7
Paper tray	Corrugated fibreboard	PAP	20
Plastic tray	Anti-static polystyrene	PS	6
Plastic tray	High density polyethylene	HDPE	2
Plastic tray	Polyethylene terephthalate	PET	1
Plastic shrink wrap bag	Polypropylene	PP	5
Plastic shrink wrap bag	Polyvinyl chloride	PVC	3

Place and date of issue of this statement

Tampere, Finland

24th February 2023
